

## WHEN'S THE NextBus?

NextBus is a tool that provides Beeline riders with real-time information that makes riding the bus easier. No matter where you are - at home, in the office or out about town - riders can find out exactly when the next few Beeline buses will arrive at any particular bus stop. Passengers can access NextBus bus arrival predictions via the Internet or by text messaging.

If you don't know exactly where the closest bus stop might be or are unfamiliar with a route or the entire Beeline system, you can use the NextBus Live Map to get yourself oriented. You can then select the closest stop and determine the location of your chosen bus, and when it's expected to arrive.
